15. Points are counted with the same horse/rider combination.

Class Descriptions

Dressage Suitability is a class for Western and English Dressage Riders.

Equitation is a class where the rider is evaluated on their position while mounted and encompasses a rider's ability to ride correctly and with effective aids.

Pleasure is a class where the horse is evaluated on how pleasurable they are to ride. Horses are judged on their manners, performance, smoothness and consistency.

Disciplined Rail is a class, which tests the skills of both horse and rider, as they execute specific gaits, transitions and movements as requested by the judge.

Natural Horsemanship is a class which shows the relationship you have with your horse to the Judge by demonstrating class requirements without physically touching your horse. Use your body movements to signal your horse. For safety reasons we would like you to hold onto your horse on a loose lead with one hand only while dropping your other hand to your side. Please use both hands in the event your horse becomes unruly or becomes out of control and is at risk of getting away from you.

Showmanship is a class where the cleanliness of the horse is not judged.

In-Hand Classes – may be shown in a halter or bridle.
